

Buddy has been a professional photographer for 44 years. After enlisting into the military in 1965, Buddy received his initial formal training in professional still photography. After a brief stint in retail photography, Buddy enrolled in and became a distinguished graduate of the Germain School of Photography of New York in 1976. Upon graduation Buddy was employed at the Bendix Corporation as a Senior Industrial Photographer. In 1986 he returned to active duty military as a Multimedia Specialist where he remained until his retirement in 2006. Since 1965 Buddy has specialized in all facets of professional photography and received numerous awards for his work. In February 2007 Buddy along with his wife Sharon opened Ocean Copy & Photographic Design, LLC, a full service business center, custom framing gallery and photography studio.

Buddy's extensive experience and well rounded knowledge of photography will surely result in a distinctive beach portrait that you will treasure for a lifetime.
